## EXPERIENCE

2026 - Present

**MERCADO LIBRE**  
Software Engineer

2024 - 2026

**SHIFTA**  
Software Engineer

Software engineer experienced in .NET. My responsibilities include:

- Development and implementation of APIs with a microservice architecture.
- Design and creation of SQL databases.
- Collaboration on DevOps tasks with Azure.
- Job scheduling with Quartz.
- Participate in front-end development tasks using React | NextJs.
- Developing clean and well-covered unit tests with XUnit and Moq.

2022 - 2024

**JUAN TOSELLI**  
Software Developer

- Leading projects for the integration of supplier Web Services (SOAP/Rest) into the company's system.
- Creating and maintaining APIs within a microservices architecture in .NET.
- Designing and creating SQL databases.
- Crafting scripts for scheduled tasks using JavaScript and MongoDB.
- Implementing payment platforms, e.g. Binance.
- Deployment and monitoring with Limestone and Digital Ocean.
- Collaborating on front-end projects using Angular.

2019

**GLOBANT**  
Internship

Completed a school-sponsored internship during my final year of high school, supporting the QA and Testing team by performing various simple tasks to assist with their daily operations.

## EDUCATION

2024

**DIPLOMA IN DEVOPS**  
National University of Cordoba, Cordoba

The diploma addresses the comprehensive cloud software development (with a focus on AWS services) including security, database, monitoring tools, IAC. It covers key concepts in the ICT industry, such as continuous integration and continuous delivery using Docker and Kubernetes.

2020 - 2022

**TECHNICAL DEGREE IN PROGRAMMING**  
National Technological University, Cordoba

Completed by acquiring knowledge in the fundamental pillars of SQL database management, object-oriented programming with C# and Java, basic principles of web programming (using Bootstrap) and understanding of company accounting and administrative systems.
